12V DC **VIP-INLINE-PLUS** Pump Kit

This “In-Line” pump hose filter fits into any water container

- The pump is German engineered quality that works when required.
- Perfectly partnered with Kariba and most other makes of water heaters.
- Power Source - 12V DC from a cigarette lighter socket of a vehicle.
- Rated flow at 8 M (26 Ft.) height is 13L (3.2 Gal.) p/min (approx).
- Rated operating pressure – 1.1 bar (16 psi).
- The pump kit is good to operate up to 60C (140F) supplied complete with:
 1. VIP-INLINE-PLUS pump complete.
 2. Twin core power cord (length to be confirmed) connected to the pump with an in-line splash proof on/off power switch and cigarette lighter plug which glows red to indicate that the power is connected.
 3. T/W Clear water hose fixed to pump and filter. (Hose length to TBA).
 4. Push/Pull “Garden” type plug & play hose quick connectors.
 5. Velcro cable/hose tie.
- This pump is made for pumping water only. **NB:** Not for any other liquids.
